Since the 18th century, the Château de Malleret has been cultivating the equestrian tradition. This prestigious Bordeaux estate, named after the man King Louis XIV had chosen as squire, already represented the beginnings of the « Haute Ecole ». At the beginning of the 20th century, it became an internationally renowned Thoroughbred stud.

And since 2013, Malleret reconnects with the same philosophy of Excellence of its beginnings thanks to its breeding of Dressage horses which is oriented towards the highest level with the deepest respect for the horse.

Beyond the exceptional setting and the equipment of extreme sophistication, this unique domain in Europe is driven by passion. The quality of life, the well-being, the respect and the care lavished on horses, true high-level athletes, are our priorities. Haras de Malleret has created a brand image, ethics and gives itself the means to strive for Excellence.

Depuis le 18e siècle, le château de Malleret cultive la tradition équestre. Ce prestigieux domaine bordelais, du nom de celui que Louis XIV avait choisi comme écuyer, représentait déjà les débuts de la Haute Ecole. Début du 20e siècle, il devint un haras de Pur Sang de renommée internationale. C'est en 2013 que Malleret renoue avec la même philosophie d'Excellence de ses débuts grâce à son élevage de chevaux de Dressage qui s'oriente vers le plus haut niveau & dans le plus profond respect du cheval.

Au-delà de l'écrin d'exception et des équipements haut de gamme, ce domaine unique en son genre a pour seul moteur, la passion. La qualité de vie, le bien-être et les soins prodigues aux chevaux, véritables athlètes de haut niveau, sont nos priorités. Le Haras de Malleret s'est ainsi créé une image de marque, d'éthique et se donne les moyens de viser l'Excellence.

Take your seat.

Malleret Stallion Show

Gérald Martinez
General Manager

Welcome

"Since I was a child, I have always been sensitive to the emotion and hopes generated by breeding. I have always had an attraction for stallions, their nobility, elegance, power & combativeness. It is therefore with great attention and several years of selection that the Malleret herd has been enriched with high quality stallions with prestigious origins. The Malleret Stallion Show has been requested from us for several years by breeders who know the reputation of Malleret's horses: performance and golden character. Malleret's reputation has also been built, and will continue to be strengthened, around our philosophy of equine well-being in all its forms, more and more of us are joining this just cause combining passion and ethics.

My selection for this catalog was of course focused on the conformation, the sporting aptitudes and the genetic criteria of each horse but also and above all by the quality of their natural gaits without over-preparation and their always easy temperament, turned towards the rider. It's an absolute necessity for big sport. It is therefore in this spirit that the entire Malleret team and I are proud to offer breeders these fantastic stallions. The objective is to build loyalty and make this event an unmissable annual event!"

«Depuis ma plus tendre enfance, j'ai toujours été sensible à l'émotion et aux espoirs que génèrent l'élevage, j'ai toujours eu une attirance pour les étalons, leur noblesse, élégance, puissance & combativité. C'est donc avec beaucoup d'attention et plusieurs années de sélection que le cheptel de Malleret s'est étoffé d'étalons de grande qualité aux origines prestigieuses. Le Malleret Stallion Show nous a été demandé depuis plusieurs années par les éleveurs connaissant la réputation des chevaux de Malleret : performance et caractère d'or. La réputation de Malleret s'est également construite, autour de notre philosophie de bien-être équin sous toutes ses formes, nous sommes de plus en plus nombreux à nous allier à cette juste cause mêlant passion et éthique. Ma sélection pour ce catalogue s'est bien entendu portée sur la conformation, les aptitudes sportives et les critères génétiques de chaque cheval mais aussi et surtout par la qualité de leurs allures naturelles sans sur-préparation et leur tempérament toujours facile, tourné vers le cavalier. C'est une nécessité absolue pour le grand sport.

C'est donc dans cet esprit que toute l'équipe de Malleret et moi-même sommes fiers de proposer aux éleveurs ces étalons fantastiques. L'objectif étant de fidéliser et de faire de cet événement un rendez-vous annuel incontournable !»
